PHOTOGRAPH NEXT DOOR.

My neighbor owns a photograph that has a brassy voice. And bellows out selections that its owner thinks are choice. He sticks it in the window and betrays a joy sublime. In barking to its roar about "the good old summer time."

It raps and wheezes dismally whenever I would read. A sentiment of anarchy it seems to me to breed. For I am most destructive in the things I want to do. Where'er it starts its "Mr. Dooley-dooley-do," I might feel somewhat better if the thing were up to date. But no one can enthuse upon the things it tries to state; I know before this blamed machine had ever seen the light "A hot time" was expected in some measly town "tonight." It may be I've a temper that I really ought to curb; It may be that I ought to try some soothing kind of herb; But this at least is certain: Though no mortal may be killed, Some day I'll get a hatchet and you'll hear "a voice is stilled."

Mr. William Moran, a former attaché of this office, sends to THE LEDGER the program arranged for the entertainment of hoboes who visit the St. Louis World's Fair next year. It runs the gamut all the way from the chain-gang to the ducking-stool.

The stock of Mr. D. G. Wilson of Orangeburg, who assigned a few weeks since to Mr. Millard Merz of this city, was sold at public sale to Mr. J. H. Bryant of Manchester for \$2,800. His stock had been appraised at \$2,750 and his book accounts at \$1,000. His creditors will get about 25 cents on the dollar.

Charles R. Vawter of Elizabethtown preached at the Augusta Christian Church Sunday. He has just returned from an Evangelistic tour of the West, where in company with his wife as singer, he has held some very successful meetings. The Church at Weston, Mo., has called him to its pastorate at a salary of \$1,000 per year, but we understand he has not yet accepted and may remain in Kentucky. During his nearly two years Ministry at Elizabethtown there has been an average of ten additions every month. So much for a Mason county boy.

Deafness Cannot Be Cured By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running ear or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give you Hundred Dollars for any case of Deafness caused by catarrh, that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CROCKERY & Co., Toledo, O. Down in Texas at Yokum is a big drugstore of which Mr. J. M. Haller is the head. Mr. Haller, on one of his trips East to buy goods, said to a friend who was with him in the palace car, "Here, take one of these Little Early Risers upon getting and you will be up early in the morning feeling good." For the "dark brown" taste, headache and that lousy feeling DeWitt's Little Early Risers are the best pills to use. Sold by J. Jas. Wood & Son, Druggists.

The 7th of October, Circus day, Mrs. James H. Rogers lost a fine umbrella. Her name was painted on the inside and an honest person finding it would have had no trouble in finding the owner. It has only recently been learned that a colored girl living near Farnsfield has it in her possession, and its immediate return to the owner will perhaps save her telling in the Court how and where she got it.

JOHN L. SCOTT.

John L. Scott, one of the most prominent attorneys in Kentucky, died at his home at Frankfort Tuesday night.

His professional career extended over a period of fifty years. He was 80 years of age and had been ill a short time.

Way back in the '50's Mr. Scott was one of the leading members of the Mason County Bar and while residing here married his first wife, Miss Frank, a sister of Mr. Charles H. Frank. Leaving Maysville he went to Frankfort, which was his home up to the time of his death.

He is survived by three daughters—Misses Mamie and Minnie Scott and Mrs. Mattie Ringo.

There are people in this community who need just such a medicine. For sale by J. Jas. Wood & Son. Every box warranted.

ONE of The Times-Star's latest scare-heads is "Boy Shot With a Gun!" What did you expect him to be shot with—a wienerwurst?

A LOUISVILLE girl of 13 has written what the papers call "a clever book." There is no reference in it, however, to Louisville's looting firemen or her political policemen.

THE Supreme Court of Massachusetts has declared that it is not a crime to sell votes in that state. This must be a great relief to those who make merchandise out of an American citizen's highest privilege, and a similar ruling is badly needed in Kentucky.

SOME people seem to overlook the fact that the appointment of rural free delivery carriers comes under the civil service provisions. If Democrats got the places it only shows they passed the best examination.—*Evening Bulletin.*

DID you ever find out how old Ans is? And did you ever pass the snivel service examination? Or did you ever—well, did you?

OUTSIDE of Ed. DAUM, Dr. HUNTER appears to be about the only Republican who can win in Kentucky. Maybe, when the Bradley Republicans quit fighting HUNTER, and the Hunter Republicans quit fighting BRADLEY, and the Yerkes Republicans are content to wear cotton socks,—when that time comes, there may be others.

PAPERS filed for new companies in the Eastern states with a capital of \$1,000,000 or over in November represent a total of only \$56,100,000. This is the smallest aggregate for any month in a series of years, the nearest approach being \$57,150,000 in August, 1901. Pennsylvania headed the list of states with a capital of \$28,485,000. New Jersey is represented to the extent of only \$4,250,000, the smallest total for the latter state in many years.

AMONG the witnesses before the Senate Committee on Military Affairs, to testify as to "Doctor" General Wood's conduct as Military Governor of Cuba, was the Hon. HORATIO S. REBENS of New York, formerly a member of the Cuban Junta. At the conclusion of his testimony a member of the Committee asked him if he would be willing to accept the word of General Wood in any matter in which the General had a personal interest. Mr. REBENS answered that he was sorry to say that he could not accept General Wood's statement under such circumstances. And Wood is the man who entered the Volunteer Army as a "sawbones," who got on the near-side of the President, perhaps by being a good story-teller, and whom the President has nominated for Major General in the Regular Army, and that over the heads of hundreds of deserving officers who have seen many years real service.

KEEP your eye on Major RATHBONE.

In a sermon on "Women" the Rev. N. DWIGHT HILLIS warns the young men of the country that they are in danger of being outstripped by the women unless they give up drinking and gambling. The Reverend Doctor ought to furnish a diagram with this joke; for it is generally conceded that drinking and gambling will so quickly and thoroughly "strip" a young man as to render "outstripping" a mere impossibility.

It is comparatively easy for a man in office, who wants to make himself "solid" with his superiors, to fire a lot of blank cartridges at those he doesn't like. Recently Mr. BRISTOW, who went from Fleming county to Kansas many years ago, and who was discovered in the latter state and lifted into the Fourth Assistant Postmaster General's office, has issued an immense volume, charging all sorts of crookedness against all sorts of people. This is highly pleasing to the Democrats and to the President; but MICHAEL W. LOUIS of Cincinnati, former Superintendent of the Division of Postoffice Supplies, has made the following statement concerning the references to himself in the Bristow report:

"Mr. BRISTOW has taken an unfair advantage, relying on the immunity that his position affords him. I, however, challenge him to make the statement contained in the report over his own signature and have the same published, so that it will give me the opportunity to enter suit against him for libel, so that the case can be properly heard and witnesses examined."

"I will, in return for this, guarantee not to accept any damages that a jury may award me, but will be satisfied to simply show the baselessness of his statements."

Political Pickings

KENTUCKY'S LONE REPUBLICAN CONGRESSMAN!

Lexington Herald, Democratic.

Personally we are glad that Dr. Hunter has won his fight and received the certificate of election, and presume his competitor will not contest, and if he does will not win. We served with Dr. Hunter, and he is not only a courteous and pleasant gentleman with whom to transact public business, but we found him always frank and reliable. And since then he has served another term and has had experience and the advantage of a wide personal acquaintance in Congress. The fight made on Dr. Hunter in relation to certain matters in Guatemala was not kindly, and was not justified by the facts. We take no sides in the factional fights between the different factions of the Republican party. They have destroyed the influence and power of that party in Kentucky. The election of Governor Bradley could have been followed by the continued success of the Republican party, if its leaders had been united and been willing to forego their personal hostilities. The defeat of Dr. Hunter for the Senate after his nomination by the Republican caucus was a disastrous party blunder, and its effects have not passed away. The retaliatory nomination of Mr. Bailey in 1897 because he was the enemy of Governor Bradley was equally foolish and censurable. The recent nomination of Colonel Belknap by a combination of the Covington Goebel Republicans, the Louisville Sapp Republicans, the A. P. A. Republicans and the Federal office-holders and office-seekers, under the command of Mr. Yerkes, was another of those party mistakes that leave permanent evils; and to this was added the untimely and most unseemly Congressional fight in the Eleventh District.

DR. W. GODFREY HUNTER.

READ ALL THIS.

You Never Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Maysville to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itching of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

Mr. J. C. Gabby of 925 East Second street says:

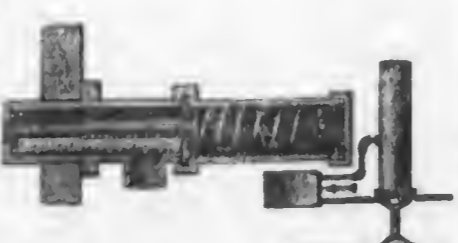

"For many years I suffered severely from itching hemorrhoids. I bought every remedy I heard of, but do what I might the trouble grew worse instead of better. It was particularly aggravating after I retired and I lost much sleep because of the intense itching. I had the good fortune to learn of Doan's Ointment, and I bought a box at J. Jas. Wood & Son's Drugstore. The wonderful relief I obtained from its use was almost beyond belief. I soon felt that I was cured. I continued the treatment for a time, however, to make assurance doubly sure."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

Warning.

Use Traxel's Safety Appliance.

Prevents Range Explosions

We will pay any one to demonstrate to us why this appliance is not essential and practical. There has been more than 1000 worth of ranges destroyed in our city in the past two years, and many narrow escapes of serious injury to life and limbs could have been avoided.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGriffe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong of Dallas, Tex., prescribes it daily and says there is no better cough remedy made. Sold by J. Jas. Wood & Son, Druggists.

Shoeing the Boy

In the most approved fashion is the way the job is performed at SMITH'S. He applies the old principle in a new way, however. By selling the youngster a pair of good, all leather Shoes at a modest price, THE NEW SHOE STORE makes itself solid with the whole family and gives the lad the best of it in Christmas Certificates—one with each 50c purchase.

One Hundred Dollars a Box
Is the value that H. A. Thiede, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. Sold by J. Jas. Wood & Son, Druggists.

Within the last five years the unskilled immigrant labor has begun to organize. The United Mineworkers, numbering 300,000, and the longshoremen, numbering 70,000, are perhaps the most compact of all organizations of labor, and they are mainly Irish, Italian and Slav.

The bat-shaped kite invented by S. F. Cody, F. R. M. S., has been adopted by the British Admiralty. The kite is made from bamboo and silk and will carry a man. It may be used for reconnoitering on land or sea, and will be able to haul a sled over Arctic ice with but one man to steer it.

All business or nearly all in New South Wales is conducted through "trade industrial unions." Up to March, 1903, 108 unions of employees and eighty-two unions of employers had been registered in the Arbitration Court. When a union has been duly registered it becomes amenable to the arbitration laws.

Engineer Becker and Conductor Hastings, who had charge of the work train on the Big Four that was wrecked at Tremont, Ill., in which sixteen persons were killed, and who are now in jail at Bloomington, will institute habeas corpus proceedings. The discovery of a large coal bed has been made in the mountains of the Department of Yoro, in Honduras. The prospective coal field has been named "El Porvenir." Expert examination and test of several samples of the coal taken from or near the surface establish the claim that it cokes with excellent result.

S. H. Osborn and his son, David Osborn, were killed, and William Gardner and John Bennett, their guests, were probably fatally wounded as they sat around the fire of the Osborn home in Hart county Sunday night. The first shots were fired through a crack in the wall of the house. Custer Gardner was arrested at Elizabethtown, charged with the crime. He is in jail at Mumfordsville, and the feeling is intense against him.

MILLIONAIRE'S POOR STOMACH.
The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower cures the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At Henry W. Ray's, next door to Postoffice.

The death rate is about four or five per day as yet, but the doctors declare that the mortality will be appalling in a week or ten days, when the crisis in the cases now being treated is reached. Rheumatism Cured.

Mr. Michael Doran, Youngstown, Ohio, says:

"I suffered for a long time with acute Rheumatism in my knee. I tried all kinds of remedies, including an expensive course of electric treatment, all in vain. At the suggestion of my druggist I took a bottle of Paracamp to try. The effect of its use was magical. I got relief at once and after using three or four bottles believe I am permanently cured. It is a wonderful remedy, and upon my advice a number of my friends have tried Paracamp, and the verdict is unanimous that it is all it is claimed to be. I come of my own accord with this statement because Paracamp is a blessing."

Sincerely,
"MICHAEL DORAN."

A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by J. Jas. Wood & Son.

OSTRICH LOGIC.

"When I can't see danger there is no danger." That's the logic of the ostrich which hides its head and exposes its body to the hunter. There are not a few people who seem to have gone to the ostrich to learn logic. The most dangerous enemies of humanity are the breeding microbes which infect the blood. It is harder to get the microbe out of the blood than to keep it out, but Dr. Pierce's Golden Medical Discovery does both, by purifying the blood and then keeping it pure.

If there are eruptions on the skin, boils, pimples, sores or other signs of impure blood, use Doctor Pierce's Golden Medical Discovery, which will purify the blood and cure the eruptions which come from it.

"My blood was all out of order, and I had to go to the doctor," writes Mrs. James K. Moss, New London, St. Louis Co., N.C. "He gave me medicine which helped me for a short time. In the winter of 1895 I got worse than I had ever been. My tonsils were enlarged and my neck swollen all out of shape; my throat was sore and I could not eat. My husband went for the doctor, but he gave me no encouragement. He helped me a little, but it did not last long. He attended me for twelve months, when I heard of a lady whose condition was like mine, who was taking your medicine and was getting well. So I secured some of the medicine and began taking it. In one week I was able to do my cooking. When I began taking the medicine I could sit up only a few minutes at a time, and I could rest or sleep only a little while at a time. My throat was so sore at times I could not even swallow sweet milk, and my tonsils were full of little eating sores. My left side was swollen out of shape and I could hardly get my breath. The doctor said I would not get well, but three bottles of Dr. Pierce's Golden Medical Discovery, three bottles of his 'Pelle's' (three bottles of Dr. Sage's Catarrh Remedy and the use of salt water did the work and cured me."

Dr. Pierce's Pleasant Pellets cure constipation and its consequences.
